

## Your Partner in Manufacturing

(814) 684-0266

2500 Adams Avenue, Tyrone PA 16686

[www.dixontoolanddie.com](http://www.dixontoolanddie.com)

### Core Competencies

#### Programming and Design

- Advanced CAD/CAM Software
- Reverse Engineering

#### Subtractive Manufacturing

- Milling, lathing, and grinding
- Wire EDM cutting
- Waterjet cutting

Performed using powerful CNC technology.

#### Fabrication

- Welding
  - MIG
  - TIG
- Plasma cutting (manual)

#### Tool Sharpening and Repairs

- Resharpening
- Part and Tooling/Die Repairs

### Company Data

- UEI: DS75SJH7FXP3
- DUNS: 085528115
- CAGE: 1W481
- NAICS: 333514, 332313, 332710
- PA Vendor #: 552249
- JCP #: 0015686

### Company Overview

Dixon Tool and Die Co., Inc. is an experienced machine shop specializing in subtractive manufacturing and other machining processes that help businesses begin, advance, and complete their projects. We have helped companies within multiple industries, including Defense, Automotive, Mass Transit/Rail, and Food.

### Differentiators

- **Experience.** We have over 50 years of machining experience and 45 years of welding experience. We possess the knowledge to perform our services with great detail and accuracy.
- **Collaboration.** We work with our customers to make sure the end product is exactly what they need and want.
- **Technology.** We utilize Computer Numerical Control (CNC) machines with the ability to hold tolerance and advanced CAD/CAM engineering software.
- **Cybersecurity.** We align our protocols with NIST 800-171 to ensure the information we possess is secure at all times.
  - Appropriate SPRS documentation available for NIST score.
  - Future CMMC Level 2 implementation.
- **Certifications.** We are JCP certified and ISO 9001:2015 certified.\*
- **Payments.** We accept cash, checks, and all major credit cards/purchasing cards.

\*Certifications available upon request.

### Past Performance

- **The Pennsylvania State University.\*\***
- **Vitro Glass Works.\*\***
- **Cerro Fabricated Products, LLC.\*\***
- **ORX.** Manufactured parts, wheel centers, and axles for locomotive engines.
- **BRAWO.** Manufactured dies for brass valves, fittings, and aluminum dies for recreational use.
- **Delgrosso's Foods.** Machined arms and inserts for sauce production lines. Repaired any worn-out parts.

\*\*NDA/Confidentiality Agreements in place.
